ORDER:

In the reference 1<sup>st</sup> read above, the Director of Ports, Kakinada has informed that the Commissioner of Fisheries, Hyderabad has issued proceedings sanctioning an amount of Rs.30.00 lakhs towards study for construction of Jetty-cum-Mini Fishing Harbour at Uppada of East Godavari District during the year 2011-12. He has requested the Director of Ports, Kakinada to arrange to conduct survey and detailed Engineering data like Topographic and Hydrographic maps, Tide details, and water and surge levels, Meteorological data, sub-soil investigations, Geological reports, Tranquility analysis, Technical and model study reports etc., and also to appoint a consultancy service, based on competitive bidding, and to furnish the Detailed Voucher Bill and Advance Stamp receipt to the Commissioner of Fisheries, for drawl of funds for this purpose.

2. While informing above, the Director of Ports , Kakinada has observed that the location of Uppada where the Jetty-cum-Mini Fishing Harbour proposed, is situated at a distance of 17 Kms. from Kakinada Deep Water Port and 14 Kms. from the Kakinada fishing harbour, whereas the northern Port limit of Kakinada Port is 18 Kms. from the Kakinada Deep Water Port. And that this indicates that the proposed location of the Jetty-cum-Mini Fishing Harbour at Uppada is well in the Port limits of Kakinada Port.

3. The Fisheries Department have examined the above observations of Director of Ports Kakinada regarding location of the above Harbour and observed that (1) the proposed site is suitable for establishment of a mini fishing harbour due to advantage of a long and wide creek with a stable Westward lagoon west of the creek and East of the Uppada road (about 40 acres) which is highly suitable for providing back up facilities (2) majority of the villagers of Uppada village are dependent on fishing activity and about 7000 fishermen earn their livelihood by fishing, with 700 motorized boats and 630 traditional fishing boats (3) the proposed area is far from the Deep water port (17 Kms away) and the Port operations are not affected in any way due to the establishment of the Mini Fishing Harbour, and that a reduction of Port limits by 1 Km. in this area does not practically affect the port activities.

4. The Director of Ports, Kakinada has examined the remarks of the Fisheries Department in para 3 above, and submitted further report in the reference 3<sup>rd</sup> read above. He has stated therein that the proposed area is far from the Deep water Port (17 Kms. Away) and the Port operations are not affected in any way due to the establishment of the said Mini Fishing Harbour. He has further observed that reduction of Port Limits by 1 Km in the port area does not practically affect the Port activities. The Director of Ports, Kakinada has also informed that M/s Kakinada Sea Ports Ltd, have conveyed their no objection to the reduction of Port limits i.e., by reducing the northern Port limit by 1 km.

(Contd.2)

5. Government after careful consideration of the reports of Director of Ports, Kakinada and Fisheries Department hereby permitted the Director of Ports, Kakinada to conduct survey and for collecting detailed Engineering data like Topographic and Hydrographic maps Tide details etc., and also to appoint a consultancy services based on competitive bidding and to furnish the Detailed Voucher Bill and Advance Stamp receipt for drawl of funds to Commissioner of Fisheries, Hyderabad in connection with the Construction of jetty-cum-Mini Fishing Harbour at Uppada in East Godavari District.
